Game rule number nine hundred eighty-four.

(A) Title and term. Game rule number nine hundred eighty-four is the Ohio-adopted modified version of the "Mega Millions®" game for "Mega Millions®" draws expected to begin on or about April 8, 2025. Game rule number nine hundred eighty-four will be conducted at such times and for such periods as the director may determine. For the purpose of this rule, "Sales Cycle" will mean any such period beginning on the date when ticket sales are commenced and continuing through the date established by the Ohio lottery commission executive director as the date on which sales agents are to make final settlement with respect to such period.

(B) General design.

(1) "Mega Millions®" is a statewide joint lottery game that exists based on an agreement between all participating party lotteries.

(2) As used in this rule, "Mega Millions®" will hereinafter be referred to as "game rule number nine hundred eighty-four" as it applies to statewide ticket sales in Ohio conducted by the Ohio lottery commission.

(3) As used in this rule, "Party Lotteries" will mean the member lotteries established and operated pursuant to the laws of the jurisdictions participating in "Mega Millions®."

(a) Game rule number nine hundred eighty-four will not be amended when one or more lottery is added or removed from participating, unless the addition or removal of such party lottery will substantively change the game matrix, the play style or the method of prize payments in this game.

(b) Game rule number nine hundred eighty-four will be conducted in accordance with this rule and the "Mega Millions® Official Game Rules" effective on or about April 8, 2025, hereinafter "Official Game Rules." The "Official Game Rules" are incorporated herein by reference as if fully set forth herein. The "Official Game Rules" will be posted on the Ohio lottery commission website and may be accessed by going to the link: <https://www.ohiolottery.com>.

(4) As used in this rule, "Directors" will mean the chief officers of the member party lotteries or any other persons to whom the directors' authority is lawfully delegated.

(5) As used in this rule, "Cash Grand/Jackpot Prize" will mean the cash value of the "Grand/Jackpot Prize" paid in a lump sum as determined by the directors or

their designees. The cash "Grand/Jackpot Prize" will be an amount less than the annuity "Grand/Jackpot Prize."

- (6) As used in this rule, "Annuity Grand/Jackpot Prize" will mean the annuity value of a "Grand/Jackpot Prize" based on the investment by the Ohio lottery commission of the cash "Grand/Jackpot Prize" amount to fund an annual installment payment stream over thirty years as determined by the directors or their designees.
- (7) As used in this rule, "Ohio Lottery" will mean the Ohio lottery commission.
- (8) As used in this rule, game rule number nine hundred eighty-four, "Panel Area" or "Play Area" or "Play Board" will mean the area of an official "Mega Millions®" ticket identified by the following two fields of play: one field of five numbers consisting of one or two digits that were selected by the player or the lottery gaming system, and a second field of one number consisting of one or two digits selected by the player or the lottery gaming system. Up to five such panels or play areas may appear on any one ticket in game rule number nine hundred eighty-four. The director may change the number of panels or play areas appearing on any one ticket in game rule number nine hundred eighty-four. Each panel will constitute a separate wager.
- (9) Each ticket in game rule number nine hundred eighty-four will be imprinted with one set of five unique numbers from a set of numbers, one through seventy inclusively "Field One," and one unique number from a second set of numbers, one through twenty-four, inclusively "Field Two," as determined by the choice of the ticket purchaser or the auto pick feature of the lottery gaming system, and recorded on the ticket at the time of purchase. At the time of purchase, each "Play Board" on a "Mega Millions®" ticket will have a "Multiplier" feature that multiplies all non-jackpot prizes by two times, three times, four times, five times, or ten times. Players may use a bet card to have the auto pick feature select their numbers in either "Field One," "Field Two," or both fields. Players may also use a bet card to manually select their numbers in either "Field One," "Field Two," or both fields. Bet cards are available at no cost to the player and will have no pecuniary or prize value, nor will they constitute evidence of purchase or number selections. When a player orally places a "Mega Millions®" wager, the player will either verbally select numbers from both fields or request usage of the auto pick feature to select numbers from both fields. A ticket may include one or more panels as described in paragraph (B)(10) of this rule.
- (10) As used in this rule, game rule number nine hundred eighty-four winning numbers will be randomly selected during each official "Mega Millions®"

drawing, and will consist of five numbers selected from a field of numbers one through seventy, inclusively, and one number selected from a second field of numbers one through twenty-four, inclusively. Holders of valid winning tickets for a given drawing bearing the numbers drawn in that drawing, in whole or in part, will be entitled to a prize award in accordance with the applicable paragraph(s) of this rule.

- (11) Tickets purchased in game rule number nine hundred eighty-four are automatically deemed by the lottery gaming system to reflect payment of the "Grand/Jackpot Prize" in thirty annual installments. As set forth at paragraph (J)(3) of this rule, at the time of claim, any "Grand/Jackpot Prize" winner(s) who purchased their game rule number nine hundred eighty-four ticket(s) from an authorized Ohio lottery sales agent will have sixty calendar days from the date of the presentation for payment of their valid claim to the Ohio lottery, to opt for a cash "Grand/Jackpot Prize" known as the "Cash Option." All other prizes, other than the "Grand/Jackpot Prize" in game number nine eighty-four, will be paid out in a lump sum.
- (C) Price of tickets. The price of a wager for the game as described in paragraphs (B) through (D) of this rule issued by the Ohio lottery in game rule number nine hundred eighty-four will be five dollars. The player may purchase up to the allowed number of wagers per ticket, or multiples thereof, as designated by the director if a multi-draw wager is requested at the player's discretion according to the number of game panels and inclusive drawings.
- (D) Structure, nature and value of prize awards. Based upon the numbers drawn in each regular drawing for game rule number nine hundred eighty-four, prizes will be awarded to holders of valid tickets for that drawing as follows:
- (1) "Mega Millions®" panels matching no numbers of the five "Mega Millions®" winning numbers drawn for "Field One," but matching the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Ninth Prize" of five dollars;
 - (2) "Mega Millions®" panels matching one of the five "Mega Millions®" winning numbers drawn for "Field One" and the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive an "Eighth Prize" of seven dollars;
 - (3) "Mega Millions®" panels matching two of the five "Mega Millions®" winning numbers drawn for "Field One" and the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Seventh Prize" of ten dollars;

- (4) "Mega Millions®" panels matching three of the five "Mega Millions®" winning numbers drawn for "Field One," but not matching the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Sixth Prize" of ten dollars;
- (5) "Mega Millions®" panels matching three of the five "Mega Millions®" winning numbers drawn for "Field One" and the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Fifth Prize" of two hundred dollars;
- (6) "Mega Millions®" panels matching four of the five "Mega Millions®" winning numbers drawn for "Field One," but not matching the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Fourth Prize" of five hundred dollars;
- (7) "Mega Millions®" panels matching four of the five "Mega Millions®" winning numbers drawn for "Field One" and the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Third Prize" of ten thousand dollars;
- (8) "Mega Millions®" panels matching five of the five "Mega Millions®" winning numbers drawn for "Field One," but not matching the "Mega Millions®" winning number drawn for "Field Two," will be entitled to receive a "Second Prize" of one million dollars;
- (9) For each ticket bearing a selection which matches all five numbers drawn for "Field One" and matching the one number drawn for "Field Two," the player will win the "Grand/Jackpot Prize" award which will be divided equally among the winning selections if there is more than one winning selection. Except as otherwise designated by the directors or their designees, the prize pool to be paid will be equal to the amount designated by the directors, following the drawing, as the cash "Grand/Jackpot Prize" amount rather than an annuity "Grand/Jackpot Prize" amount. The directors or their designees may advertise estimated cash "Grand/Jackpot Prize" or annuity "Grand/Jackpot Prize" amounts for each drawing. Except as otherwise determined by the directors or their designees, advertised cash or annuity "Grand/Jackpot Prize" amounts are not guaranteed amounts. Except as otherwise determined by the directors or their designees, the cash "Grand/Jackpot Prize" amount designated by the directors or their designees following a drawing will be the basis for determining the amount to be awarded for each valid winning ticket matching all five of the five winning numbers drawn for "Field One" and one winning number drawn for "Field Two." Advertised cash or annuity "Grand/Jackpot Prize" amounts may be forecasted for each drawing by the directors or their

designees based upon expected sales, but, unless the directors or their designees have determined that such advertised amounts are guaranteed amounts, any such amounts forecasted for purposes of advertisement are not guaranteed amounts. In any event, the directors or their designees will have discretion to change the prizes and percentages which represent the prize pools in each of the categories referred to in paragraphs (D)(1) through (D)(9) of this rule.

- (10) The minimum total "Grand/Jackpot Prize" amount in any "Grand/Jackpot" for which at least one ticket bears a winning selection which matches five of the five numbers drawn for "Field One," and matches one number drawn for "Field Two," as validated by the lottery gaming system, will be an amount designated by the directors or their designees, and will be divided equally among the holders of the winning tickets if there is more than one winning ticket. If the "Grand/Jackpot Prize" amount that is divided by the number of prize winners matching five winning numbers for "Field One" and one winning number for "Field Two" is less than one million dollars, each "Grand/ Jackpot Prize" winner will be paid in a single cash payment in an amount equal to the cash option "Grand/Jackpot Prize" divided equally by the number of "Grand/Jackpot Prize" winners. The directors may set the "Grand/Jackpot Prize" at levels higher than the minimum amount in accordance with paragraph (D)(9) of this rule.
- (11) Any amounts remaining in the prize pools described in paragraphs (D)(1) through (D)(9) of this rule after any given drawing, due to residual amounts after prize disbursements, will be retained by the party lotteries.
- (12) When there are no winning tickets issued for the prize pool described in paragraph (D)(9) of this rule, the directors will carry the prize pool amount forward into the "Grand/Jackpot Prize" for the next consecutive drawing.
- (13) When there are no winning tickets issued for the prize pool described in paragraph (D)(9) of this rule, the "Grand/Jackpot Prize" amount will roll pari-mutuelly based on sales as set by the directors, however, the directors may establish a "Grand/Jackpot Prize" amount higher than that amount.
- (14) If the total prize liability for the prize levels described in paragraphs (D)(1) through (D)(9) of this rule exceeds the liability cap agreed upon by the directors, then that liability cap may be enforced for the payment of the prize awards set forth in paragraphs (D)(7) through (D)(8) of this rule. In the event the liability cap is exceeded, then the prizes set forth in paragraphs (D)(7) through (D)(8) of this rule may be paid on a pari-mutuel basis, or in another manner as determined by the directors, rather than fixed prize basis, provided, however, that in no event will the pari- mutuel prizes or other prizes awarded be greater than the applicable fixed prizes. In the event that the liability cap is exceeded,

and prizes are paid on a pari-mutual basis, or in another manner as determined by the directors, the amounts used for allocation of such pari-mutuel prizes, or other prizes awarded, for each prize level will be determined by the directors. If the liability cap is exceeded for a particular drawing, the director will make the amount of the liability cap publicly available by means that the director deems appropriate. For purposes of prize calculation with respect to any game rule number nine hundred eighty-four pari-mutuel prize, the calculation will be rounded down so that prizes will be paid in multiples of one dollar.

- (15) In a single game rule number nine hundred eighty-four drawing, a claimant may win in only one prize category per wager as a result of possessing winning numbers selected in either one or both fields of play and will be entitled only to the highest prize level won.
- (16) Subject to the laws and regulations governing each party lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the directors for promotional purposes. Such a change will be announced by public notice.
- (E) Built in multiplier feature. In addition to the game described in paragraphs (B) through (D) of this rule, at the time of purchase, each "Play Board" on a ticket will have one randomly selected built in "Multiplier" feature that multiplies all non-jackpot prizes by either two times, three times, four times, five times, or ten times the prize value. Each "Play Board" and "Multiplier" plays separately and cannot be combined in any way.
- (1) The cost of every five dollar "Mega Millions®" wager will be increased by zero dollars for the built in multiplier.
- (2) In connection with the "Multiplier" feature, for purposes of the prize levels set forth in paragraphs (D)(1) through (D)(8) of this rule, "Multiplier" is a unique number that is automatically selected by computer software according to the frequency set forth for each "Mega Millions® Play Board" and prints directly on Official "Mega Millions®" tickets. The "Multiplier" is included on each "Mega Millions® Play Board" at no charge and increases non-jackpot prizes by two times, three times, four times, five times, or ten times the prize won. As determined by the director, multiplier numbers other than two, three, four, or five including but not limited to numbers higher than five may be used for promotions. In the event of a winning ticket, the multiplier number selected will only apply to the prize levels set forth in paragraphs (D)(1) through (D)(8) of this rule. The multiplier number selected is not applied to or does not impact the prize award set forth in paragraph (D)(9) of this rule:

 - (b) In the event a defective ticket is purchased or in the event that the director determines to adjust an error, the sole and exclusive remedy will be the replacement of such defective or erroneous ticket(s) with an official game rule number nine hundred eighty-four ticket of equivalent sales price or a refund provided of the purchase price; and

- (c) In the event an official game rule number nine hundred eighty-four ticket is not paid by the Ohio lottery, and a dispute occurs as to whether the ticket is a valid winning ticket, the Ohio lottery may, at its option, replace the ticket with an official game rule number nine hundred eighty-four ticket of equivalent sales price;
- (7) The Ohio lottery will not be responsible for lost or stolen game rule number nine hundred eighty-four tickets.
- (8) The Ohio lottery will not be responsible to any claimant and/or sales agent for game rule number nine hundred eighty-four tickets redeemed in error by an Ohio lottery sales agent.

- (11) For the purpose of determining the number of winning wagers, division of the "Grand/Jackpot Prize" is contingent on the lottery gaming system's determination of winning wagers sold, and not by the number of winning tickets presented for payment.
- (12) In addition to, but not in limitation of, all other power and authority conferred on the director by the commission's rules, the director may declare a ticket in game rule number nine hundred eighty-four void if it is stolen, deactivated, not sold or deemed not sold in accordance with commission rules; if it is illegible, mutilated, altered, counterfeit, reconstituted, miscut, defective, printed or produced in error or incomplete; or if the ticket fails any of the validation tests or procedures established by the director; or if the ticket is obtained in violation of commission rules, including, but not limited to, by way of prize discounting prohibited under rule 3770-3-01 of the administrative code. The commission's liability and responsibility for a ticket declared void,

if any, is limited to refund of the retail sales price of the ticket or issuance of a replacement ticket of comparable price. A ticket may not be canceled once the ticket is printed by the lottery terminal even if such ticket is printed in error.

(I) Procedures for claiming and payment of prize awards. Effective upon determination of prize payouts, prizes will be redeemed or claimed only in the jurisdiction where the official winning "Mega Millions®" ticket was purchased.
